Career Objective

Computer Science undergraduate with strong problem-solving skills, proficiency in Java, and hands-on project experience. Seeking an opportunity to apply technical knowledge, contribute to impactful solutions, and grow in a dynamic learning environment.

Education

G. Narayanamma Institute of Technology and Science (for Women) , Hyderabad	Aug 2024 – May 2027
B.Tech in Computer Science Engineering CGPA - 8.66/10	
VMR Polytechnic , Rampur, Hanamkonda	June 2021 – April 2024
Diploma in Computer Science Engineering CGPA - 9.75/10	
Fatima Girls High School , Hanamkonda	June 2020 – April 2021
SSC CGPA - 10/10	

Internships

Artificial Intelligence Virtual Internship	Jun 2025 – July 2025
AICTE in collaboration with Edunet Foundation	
Completed a 6-week virtual internship on Artificial Intelligence, focusing on applied AI concepts and hands-on implementation.	
Certificate ID: STU67113b8ba71951729182603	
View Certificate	
Tech Lead Intern– Swecha Organization with Viswam.ai	May 2025 – July 2025
Led and supported interns during the 8-week Summer of AI program Conducted by Viswam.ai, resolved technical queries and guided them through project implementation.	

Projects

Directional Analysis of Water Bodies Erosion and Dilation Using Hydrological Modelling
<i>Python, Computer Vision, Remote Sensing, Image Processing, Hydrological Modelling</i>
Developed a geospatial analytics system using satellite imagery to analyze water body expansion, shrinkage, and directional movement. Implemented image processing, change detection, and directional analysis techniques, with results visualized through a Streamlit dashboard.
Proactive Fraud Detection in Financial Transactions using Generative AI
<i>Python, Generative AI, Machine Learning</i>
Developed a financial fraud detection framework using Generative AI (CTGAN, WGAN, SDG-GAN) and Machine Learning models to detect fraudulent transactions. Addressed class imbalance through synthetic data generation and improved fraud detection performance using Random Forest and Autoencoder models.

Technical Skills

- Objected Oriented Programming
- Python, SQL, Java
- Web Technologies (HTML, CSS, JavaScript, React)
- DBMS
- Operating Systems
- Computer Networks
- Machine Learning

Certifications

Industrial Training in Python Programming
IRA OM Technologies Pvt. Ltd
Completed six months of industrial training in Python programming as part of diploma curriculum.
NCC 'A' Certificate
National Cadet Corps (NCC)
Successfully completed NCC 'A' Certificate examination, demonstrating discipline, leadership, teamwork, and community service.

Date: 08/06/26

Place: Hyderabad
